CHAPTER _____

An act to amend Sections 2704.13 and 2704.16 of the Streets and Highways Code, and to amend Sections 1, 3, and 4 of Chapter 697 of the Statutes of 2002, relating to transportation, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 1169, Murray. Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century.

Existing law, Chapter 697 of the Statutes of 2002, provides for submission of the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century to the voters for approval at the November 2, 2004, general election. Subject to voter approval, the act would provide for the issuance of \$9.95 billion of general obligation bonds, \$9 billion of which would be available in conjunction with any available federal funds for planning and construction of a high-speed train system pursuant to the business plan of the High-Speed Rail Authority, and \$950 million of which would be available for capital projects on other passenger rail lines to provide connectivity to the high-speed train system and for capacity enhancements and safety improvements to those lines. Existing law provides that bonds for the high-speed train system would not be issued earlier than January 1, 2006.

This bill would instead provide for submission of the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century to the voters for approval at the November 7, 2006, general election. The bill would provide that bonds for the high-speed train system would not be issued earlier than January 1, 2008. The bill would make other related changes.

The bill would declare that it is to take effect immediately as an urgency statute.

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 697 of the Statutes of 2002 is amended to read:

Section 1. (a) In light of the events of September 11, 2001, it is very clear that a high-speed passenger train network as described

in the High-Speed Rail Authority's Business Plan is essential for the transportation needs of the growing population and economic activity of this state.

(b) The initial high-speed train network linking San Francisco and the bay area to Los Angeles will serve as the backbone of what will become an extensive 700-mile system that will link all of the state's major population centers, including Sacramento, the bay area, the Central Valley, Los Angeles, the Inland Empire, Orange County, and San Diego, and address the needs of the state.

(c) The high-speed passenger train bond funds are intended to encourage the federal government and the private sector to make a significant contribution toward the construction of the high-speed train network.

(d) The initial segments shall be built in a manner that yields maximum benefit consistent with available revenues.

(e) After the initial investment from the state, operating revenues from the initial segments and funds from the federal government and the private sector will be used to pay for expansion of the system. It is the intent of the Legislature that the entire high-speed train system shall be constructed as quickly as possible in order to maximize ridership and the mobility of Californians.

(f) At a minimum, the entire 700-mile system described in the High-Speed Rail Authority's Business Plan should be constructed and in revenue service by 2020.

SEC. 2. Section 2704.13 of the Streets and Highways Code, as added by Section 2 of Chapter 697 of the Statutes of 2002, is amended to read:

2704.13. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Sections 2704.06 and 2704.095 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be issued and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized be issued and sold at any one time. However, bonds for the high-speed train system may not be issued and sold prior to January 1, 2008. The committee shall consider program funding needs, revenue projections, financial market conditions, and other necessary factors in determining the shortest feasible term for the bonds to be issued.

SEC. 3. Section 2704.16 of the Streets and Highways Code, as added by Section 2 of Chapter 697, is amended to read:

2704.16. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for purposes of this chapter. The amount of the request shall not exceed the amount of the unsold bonds which the committee has, by resolution, authorized to be sold for the purpose of this chapter, less any amount borrowed pursuant to Section 2701.17. The committee may adopt a resolution for such purposes prior to January 1, 2008. The board shall execute such documents as required by the Pooled Money Investment Board to obtain and repay the loan. Any amount loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

SEC. 4. Section 3 of Chapter 697 of the Statutes of 2002 is amended to read:

Sec. 3. Section 2 of Chapter 697 of the Statutes of 2002, as amended by Sections 2 and 3 of the act amending this section in the 2003–04 Regular Session, shall take effect upon the adoption by the voters of the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, as set forth in Section 2 of Chapter 697 of the Statutes of 2002, as amended by Sections 2 and 3 of the act amending this section in the 2003–04 Regular Session.

Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the measure.
